MATERIAL SAFETY DATA SHEET

Decon Neutracon Health & Safety Bulletin

Not classified as Hazardous according to criteria of Worksafe Australia

1 July 2011

1. Identification of substance/preparation and company

Product: DECON NEUTRACON

Company: Bacto Laboratories Pty Ltd

2. Composition/information on ingredients

A precise blend of highest quality anionic and non-ionic surface active agents in an aqueous polyhydric alcohol base, producing a near neutral (pH7+/-) concentrate.

Decon Neutracon is a pale yellow, viscous liquid concentrate, having faint odour.

3. Hazards identification

Non hazardous

4. First-aid measures

In case of contact with eyes, rinse immediately with plenty of clean, flowing water and seek immediate medical attention.

In case of contact with skin, rinse immediately with plenty of clean, flowing water.
Seek medical attention if there is persistent irritation.

If ingested, drink copious amounts of fresh water and seek immediate medical attention.
Do not promote vomiting.

5. Fire-fighting measures

Use extinguisher suitable to the cause of the fire.

6. Accidental release measures

Absorb large spillages with sand or any suitable medium.
Dispose of in accordance with local authority guidelines.
Small spillages may be flushed away with plenty of water to a drain or sewer.

7. Handling and storage

Avoid contact with skin and eyes.

Use glass, ceramic, plastic or stainless steel vessels for working solutions.

Store the concentrate at ambient temperature, out of direct sunlight, sealed in the container in which it is supplied.

Stored correctly, Decon Neutracon has a shelf-life of 5 years.

8. Exposure controls/personal protection

Prolonged use of the product warrants protection of the hands to avoid excessive degreasing.
Wear eye protection and rubber gloves when handling.
Clothes may be protected with man-made fibre over-garments.

9. Physical and chemical properties

Melting point	-25°C (product is a liquid).
Boiling point	102.1°C.
Density	1.019 at 20°C.
Vapour pressure	16.1 mm Hg at 20°C.
Evaporation rate	0.40 (butyl acetate = 1).
Viscosity	55.0 cps at 23°C.
Solubility	Totally soluble in water. Compatible with organic solvents.
pH value	The concentrate has a pH of pH7.3 typically.

10. Stability and reactivity

Flash point	Not applicable.
Ignition temperature	Does not burn or help other materials to burn.
Explosion limits	Not applicable.
Thermal decomposition	None.
Hazardous thermal decomposition products	None known.
Hazardous reactions	None known.
Further information	Not compatible with oxidising agents.

11. Toxicological information

Decon Neutracon is not considered to be toxic, however, it should not be ingested.
No known evidence of carcinogenicity, mutagenicity or reproductive toxicity.

12. Ecological information

Decon Neutracon is biodegradable.
Ready biodegradability by OECD 301E (ISO method 7287 - 1986(E)).

13. Disposal considerations Dispose of in accordance with regional and/or national regulations.

14. Transport information

UN Number	None
IMDG code	None
ADR/RID	None
OACI/IATA	None
Shipping name	As commercial name

15. Regulatory information

Classification	Non hazardous
Symbol	
Risk phrases	R36/38
Safety phrases	S24/25 and S26

16. Other information

Not suitable for domestic applications.

===== OTHER INFORMATION =====
